

# GENERIC ROLLERS

**QPI HOLDS THE UK'S LARGEST  
ROLLER STOCKS, STOCKED IN  
4" AND 5" DIAMETERS &  
IMPACT ROLLERS.**

Our unique innovative design allowing  
ex-stock availability in almost any  
roller size, reducing site stock holding.

QPI's Generic Rollers are  
counter bored welded,  
greased for life bearings and  
have a triple labyrinth seal  
with addition dust  
seals.

These rollers fit multi locations and  
have proven design in operation for  
over 10 years with superior quality over  
rival suppliers.
